

November, 2022

Greetings Friends! Miracle Bible Camp has great investment news!
Are you looking for an *eternal* return on your investment?

This is an end of the year request for donations. Only read this letter if you are prepared to hear about how God is impacting more lives each year at MBC and your opportunity to join us in this endeavor 😊!

MBC has a rich history, experiencing over 50 years of life changing ministry as people of all ages meet and grow in relationship with Jesus and each other. Frankly, if all we were doing was playing with our guests (young and old), then this investment would be just a “feel-good” futile expenditure. But the reality is that MBC is about the **Good News** of Jesus as our Savior and the truth of the Bible. Our record-setting attendance in 2022 shows us that camp is more important than ever in this rapidly changing world. MBC is a place to unplug from technology and the temporary and connect through Jesus with our creator God, the God of the Bible, who wants to know us for eternity!

Reflect with us in gratitude for how God is using Miracle Bible Camp and give thanks. MBC is more than beautiful buildings. It is the joy of seeing past campers as missionaries, pastors, godly parents, camp board members – **generations that have experienced God at MBC**. Personally, one of my highlights of this past summer was to be part of Jack praying for salvation; Jack’s grandpa was my cabin counselor when I was an elementary camper!

“When I donate to MBC, I see amazing impact. You get so much done for every dollar with donated labor and good deals.”

A Recent Donor

This year end investment opportunity is for funds to build a staff house and to double the size of our summer chapel at Pine Point. It’s great news we need more room in the chapel ☺! We have the building permits and have started site preparation. The property master plan is just 10 years old and we can already see incredible building improvements...Cedar, Birch, Balsam, and the Dining hall transformation. **If you like to see action and the stretching of your donation dollar with volunteers, then keep looking at these results.** Donations comprise over half of our operational budget (campers attend regardless of ability to pay) and all of our new debt-free construction.

Pine Point Chapel

An addition is planned that will double the floor space and seating capacity, making Pine Point Chapel a better place for worship and instruction for our growing summer camp program. The big tent

was fun but it’s time for real walls and a roof ☺!

Additional Camp House

Year-round ministry requires full time staff. As we prepare for MBC’s future growth, we seek to provide housing for another future staff family on-site. We will build on the back of our property so that it is both close and yet separate.

Site prep is well under way!

We are nearly half way to our \$220K goal to build the new house and chapel addition. Please prayerfully consider joining us now with your donation. Thank you, and may God richly bless!

To God be the Glory!

Doug Payne
